Imagine a dancer

She's moving with grace and joy and perfect rhythm. Through her earpiece she hears the music she loves best in all the world, and it's moving her. She's captivated and enthralled by it. It's almost as if she can't stop dancing.

Now imagine a second person walks into the room. She looks at the dancer and thinks, 'I want to dance like that!' She can't hear any music herself, but tries to copy the moves anyway.

It works for a time, sort of. But because there's no music in her ears, the movement is clunky, hesitant, and self-conscious. She doesn't seem to enjoy dancing the way the first dancer does. And before too long, she's exhausted - even though the first dancer is still going strong.

The aim of Discipleship Explored is to 'turn up the music'.

Lots of people know all the right moves, but never become genuine disciples. What we need is for our hearts to be captivated and enthralled by the surpassing love of Christ.
